

GoZoe Wireless Agreement

I _____ understand that the broadband service I am going to receive from Gozoe Wireless L.L.P. is not only the latest in technology and quality, but that it has been cleaned via the best known filtering product on the market today. I will not try to fix any physical equipment without being expressly told to do so by a member of the Gozoe Wireless L.L.P. technical staff. I will not remove or move any equipment from my house or building without first contacting Gozoe Wireless L.L.P. All customers on the rental program will of course be responsible for all costs involved with equipment if they should become 14 days delinquent of paying their monthly bill. Costs incurred will be not more than the following: removal of equipment from property \$65, disconnect charge for breaking lease \$200 and if equipment is intentionally damaged or lost equipment cost is \$500. The filtering process will include the prevention of any illegal file sharing to take place via systems such as Kazaa or Morpheus etc. I also understand that the filtering process will prevent any pornography, recreational nudity, adult material and swimsuit/lingerie from passing through to any customers on the Gozoe Wireless L.L.P. network. I understand that I do not desire nor plan on receiving this material to enter my home or business through Gozoe Wireless L.L.P. I do understand that there will be an override username and password that I will be able to bypass the filtering system in case it filters a site I believe to be by mistake that I may desire or need to contact. I further understand that the activity via web-sites only will be reported and kept for 14 days at Gozoe Wireless L.L.P. which will not be monitored unless I or an authorized person from my home or business requests that information. I understand that under no circumstances will this information be available nor shared with anyone other than an authorized person listed on this agreement. We Gozoe Wireless L.L.P. do hereby declare that all information submitted by you the undersigned will remain private under our Privacy Policy stated on our web-site at all time located at www.gozoe.com . Gozoe Wireless L.L.P. is committed to the safety and privacy of its customers.

Gozoe Wireless L.L.P. does not provide email at this time, it will be the customers responsibility to get a free web-based email account using any of your choice. If you would like to be contacted via email you will then need to send us that email address to: customersupport@gozoe.com and request to be placed on our email contact list.

I understand and consent to all that is written in this document.
